TOPIC: GOLDEN OFFICIAL EXCHANGE RATES

GOLDEN CURRENCY OÜ

DATE SIGNED: 02/13/2019
DOCUMENT №: 2-3-2-021319

-
1. Service Provider should provide official Golden exchange rates, available online for every user of Golden Currency website.
 2. The exchange rates provided should be just recommended rates, based on the market price of 0.025 grams of gold, representing the backing of golden, no guarantees are provided, actual rates could differ from it. It must be clearly explained for users.
 3. The exchange rates should be provided 1 day in advance (not later than 23:59 UTC time of the day before the day for which the official exchange rate is provided) starting from February 14, 2019. Table with historical prices starting from the first issue should be provided.
 4. The exchange rates before February 14, 2019 are based on LBMA gold price. The sources of gold price and currency exchange rates (USD, EUR) after February 14, 2019 are to be defined by Service Provider, as well as the time for which the prices and rates are used for setting such exchange rates (the time should be fixed).
 5. The official exchange rates should have 4 decimals.
 6. The official exchange rates should be provided both to USD and Euro.
 7. For weekends, holidays and the first day after them the exchange rates based on the prices and exchanges of the previous working day are used and can be published in advance for such dates.
